

The Halas Deal

Victory Speech – Chairman Mahmoud Abbas

Halas Deal Marks the Start of Palestinian Reconstruction and Independence

My fellow Palestinians,

With a heart heavy for our heavy losses yet hopeful about our future, I address you after signing the Halas Deal Initiative.

1. We have moved the world to end a terrible war, leveraging our influence to bring Israel to the negotiating table.
2. This led to the withdrawal of Israeli military forces from Gaza.
3. We secured the release of a historic number of our brave prisoners from Israeli jails.
4. We instituted a professional governance in Gaza, respected worldwide and by Palestinians across Gaza and the West Bank.
5. This Deal demonstrates our commitment to putting our people's freedom, rights, and well-being first and foremost.
6. Our unity is crucial, and the Deal paves the way for Gaza's quickest possible reconstruction with international backing.
7. Displaced Gazans will now return home, with new homes built swiftly under the Deal's provision.
8. Palestinian leadership will now oversee Gaza's future, without Israeli or international intervention.
9. The Deal elevates our cause, setting the stage for land restoration, the evacuation of settlements, and the end of the Israeli occupation.

Let us honor our martyrs with diplomatic triumphs, striving for the freedom, statehood, and prosperity they dreamed of.
